

HCA-265ES-LW Long Reach Hedge Cutter

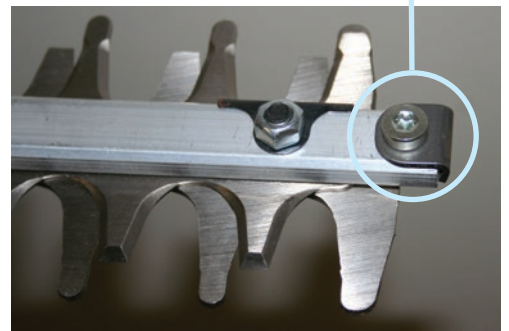

180° rotation into storage position

Blade tip protection

Lightweight aluminium support bar is 2mm wider than previous model and 3.5mm thicker

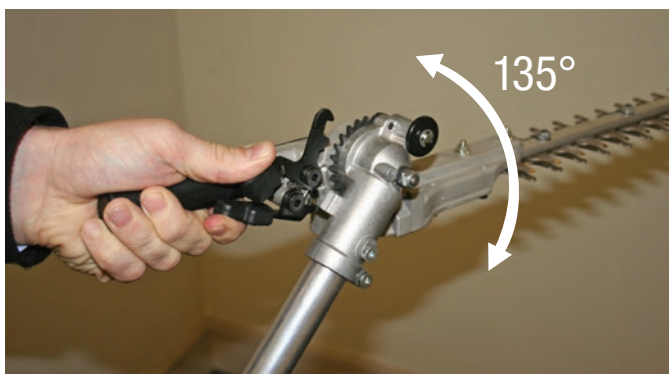

The HCA-265ES-LW is a lightweight, long reach articulating hedge cutter. Fitted with an ultra-light magnesium gear case and aluminium support bar, the overall weight of the machine is only 6.5kg. Its predecessor featured an aluminium gear case and weighed 7.0kg.

A new adjustment system enables the blade angle to be rotated through 135° only using one hand. This means the machine is perfect for trimming tall and wide hedges with less reliance on ladders and platforms.

The HCA-265ES-LW has a 25.4cc engine and Easy Start for fast, almost effortless starting. Its double-edged blades are nickel-plated so stay sharper for longer.

Integrated blunt – blunts are part of the blade

Easy, one-handed blade angle adjustment

SPECIFICATIONS

Displacement	25.4cc
Dry weight	6.5kg
Output	0.89kW
Effective cutter length	504mm

FEATURES

BENEFITS

Magnesium gear case

✓ Significantly lighter than aluminium gear case on previous model

2418mm overall length

✓ Trim tall or wide hedges without the need of a platform or ladders

180° blade storage position

✓ Easy to transport and store

One-handed adjusting of rotating cutting head

✓ Nine cutting angle presets through 135° for maximum versatility

✓ Faster trimming with less downtime for repositioning

Laser cut, precision ground nickel-plated blades

✓ Long lasting sharpness

✓ 35mm blade pitch for tackling a variety of different hedges

Smaller bolt pitch

✓ A wider bolt pitch can result in a gap between the blades when striking wire or a thick hedge

ES Easy Start system

✓ Minimum effort required to start the machine and faster starting

Heavy duty engine

✓ Reduced wear means increased durability and extended engine life

Shaft grip handle

✓ For better manoeuvrability and control

Stage 2 low emissions compliant

✓ Reduced exhaust emissions

Use ECHO products with ECHO's own high quality blend oils, for maximum performance

Extensive warranty

ECHO power tools come with a **five year domestic warranty** or a **two year warranty** in professional use. For the domestic user there is the total reassurance of using equipment designed and built for professionals, and a five year warranty offers even greater peace of mind (registration of ECHO products and servicing are necessary to validate the warranty).
